10. Correspondence

The Clerk had received a letter from Suffolk County Council with regard to a proposal that street lights would be on a part night lighting system. No objections were raised.

A letter from Suffolk Wildlife Trust had been received requesting their annual donation. However, Chris proposed that for this year we should concentrate on our own projects. All agreed.

11. Chairman's Report

Chris suggested that there was a strong need for the provision of a cycle path from the village into town particularly as it was dangerous using the A134 or even the footpath which is over grown. Peter stated that this had been looked into previously but to no avail. Terry made the comment that this could be well worth looking into as there may be monies available from the growth development fund, and it could well benefit the reverse way round, i.e. people living in town might well like to cycle out to visit the Rushbrooke Arms for example. Chris would draft a proposal to St Eds Borough Council.

A meeting is to be held at the Community Centre on 18th May entitled Rural Vision 2031 and Chris suggested it might be an idea for Parish council members to attend.

12. Finance

The Clerk had circulated the end of year accounts. The accounts were then approved. Sections 1 and 2 of the Annual Return were completed and were signed by the Chairman and the Clerk. The papers will now be forwarded to the internal auditor.

the existing equipment for the time being. David would give the go ahead to Wicksteed.

14. Any other business

Chris suggested we should discuss with Barry Colson the possible costings for cutting the various pieces of grass for which we are responsible in view of the fact the Probation Service are not entirely reliable. This would include the Play Area, the green at Little Whelnetham, the green opposite the Post Office, Stanningfield Road and Sicklesmere Road junction.

David raised the issue of a grit bin in the Cocks Green Lane area, and it was agreed we should install one there, David to check exact location. The Clerk would place an order once the Precept payment was in the bank.
